

CPSC 526 Assignment #6
Steven Leong 10129668 T01
Josh Quines 10138118 T03

How to Run:

bot.py
python3 bot.py <HOST> <PORT> <CHANNEL> <PHRASE>

conBot.py
python3 conBot.py <HOST> <PORT> <CHANNEL> <PHRASE>

conBot commands:

Status:

Get status of bots. How many are connected and their names

Usage: status

Attack:

Attack a server. Send botName + number of attacks

Usage: attack <hostname> <port>

Move:

Move to a new IRC server/channel

Usage: move <hostname> <port> <channel>

Quit:

Only conBot quits. Bots still stay online

Usage: quit

Shutdown:

Kill all bots

Usage: shutdown
